No. CSB/52/145 Dated 30.10.1952.

To

The Secretary to the Govt. of Madras
Development Department
Madras

Dear Sir,

Subject:- Progress Report on Special Scheme/Schemes for which the Board has granted financial subventions to State Governments.

I am directed to request you kindly to furnish this office with an up-to-date Report detailing the progress achieved in the implementation of all schemes connected with the development of Sericulture for which the Board has given grants-in-aid.

2. Please also let this office know if the State Government of Madras would like to continue these schemes during 1953-54. If so, the reasons for continuation and an estimate of the probable cost likely to be incurred by your Government for continuation of such schemes may please be furnished.

3. A detailed reply by the 10th November, 1952 will be appreciated.

Yours faithfully,

M.S. Ramnath 30/10/52

(M. S. Ramnath)
for Vice-Chairman.

Sir,

No. 4740-D2/52, Dated 15th November 1952.

Sub: INDUSTRIES/Sericulture-progress report on special schemes for which Board has granted financial subscriptions to State Government/ Continuance of schemes.

Ref: Government Memo No.123951 G/52-1 dated 5-11-52

In the letter dated 30/10/52 enclosed with the Government Memo cited above, the Vice Chairman, Central Silk Board, India has called for an up-to-date report detailing the progress achieved in the implementation of all schemes connected with the development of Sericulture for which the Board has given grants-in-aid. He has also called for an estimate of the probable cost likely to be incurred by the State Government in case it is proposed to continue these schemes during 1953-54.

I enclose herewith the progress reports in respect of the following schemes for which the Central Silk Board has given subventions. The estimate of the probable cost likely to be incurred by the Madras Government during 1953-54, and the need for the continuance of the schemes have also been indicated therein.

1. Central Mulberry graft Nursery at Kollegal.
2. Opening of a Statistical Unit attached to the office of the Sericultural expert, Kollegal.
3. Opening of three AdditionalVoluntary Cocoon Markets in Kollegal Taluk
4. Construction of a Greeh House as an adjunct to the Central Mulberry Nursery at Kollegal.
5. Construction of buildings for Experimental Rearing and Grainage at Berikai in Hosur Taluk.

1. Central Mulberry Graft Nursery at Kollegal:- The Scheme was sanctioned in April 1950 with a view to supply 7.5 lakhs of grafted mulberry within a period of 3 years for being planted in 150 acres. The sanction therefore expires with the preparttion and issue of the targetted production of grafts during the planting season of 1953. The grafts distributed hitherto were mostly prepared from the local and Berhampore variety seeds. In order to prepare grafts from improved Japanese varieties of seedlings which are superior to local varieties and to distribute them among the Sericulturists, it is very essential to continue the scheme for a period of 3 years. The expenditure to be incurred during 1953-54 with respect to this scheme is estimated at Rs.9,000/- against the sum of Rs.3,502/- available out of the grant made by the Central Silk Board for utilisation during 1953-54. The additional amount required for the continuance of the scheme during 1953-54 will be Rs.5,500/-.

2. Opening of a Statistical Unit attached to the Office of the Sericultural-Expert, Kollegal.:- The Central Silk Board at its general body meeting held on 22-9-52 at New Delhi made a grant for Rs.6,000/- to Madras Government, for the establishment of a full fledged statistical unit out of which a sum of Rs.5,040/- will be available for utilisation during 1953-54 while balance amount will be required for the year 1952-53. The expenditure to be incurred during the year 1953-54 on account of this scheme is estimated at Rs.5,600/- The additional amount required for the continuance of the scheme during 1953-54 is therefore Rs.600/-.

3. Opening of three Additional Voluntary Cocoon Markets in Kollegal Taluk:- The three voluntary cocoon markets at Basappendaddi Talavadi and Sattegal which have been sanctioned till 31-1-53 in G.O.Ms.No.2880 Dev. dated 8-7-52 have proved extremely useful and have been a great relief to the rearlers as explained in the enclosed note. Out of the total grant of Rs.18,000/- made by the Central Silk Board towards the scheme a sum of Rs.6,031/- only is available for

the year 1952-53. In view of the importance of the Markets they have be continued beyond 31-1-53 till such time the notified markets come into existance. Proposals are being submitted separately for continuance of the scheme for the remaining two months in the year 1952-53. It is estimated that a sum of Rs.6,500/- will be required during the year 1953-54 for the continuance of the scheme.

(4) and (5) : Construction of a Green House as an adjunct to the Central Mulberry Nursery at Kollegal and construction of buildings for experimental rearing and grainage at Berikai in Hosur Taluk:- The construction work with respect to the aforesaid buildings has since been taken up by the Public Works Department. A further report will be submitted after completion of the work .

In the circumstances explained above I request that the Central Silk Board may be requested to provide a sum of Rs.12,600/- (Rs.5,500 for item 1, Rs.600/- for item 2 and Rs.6,500/- for item 3) during the year 1953-54 so that the 3 important scheme may be continued without break.

Director of Industries & Commerce,
Madras-6.

Office of the Sericultural Expert, Kollegal
(Camp) Hosur, Dated 9.11.52

Progress Report of the work in the Central Mulberry Nursery for the preparation and distribution of mulberry grafts to Sericulturists (for the period from April, '50 to October, '52)

:oOo:

1. DETAILS OF THE SCHEME:- This scheme for establishing a Central Mulberry graft nursery at Kollegal was sanctioned in April, 1950, for which a sum of Rs.30,000/- was sanctioned by the Central Silk Board. Out of this allotment Rs.15,000/- was set apart for nonrecurring expenditure and the rest for recurring expenditure for a period of three years. The object of the scheme is to introduce superior varieties of grafted mulberry and gradually replace the local bush mulberry in order to increase the yield of leaf having better nutritional qualities. The scheme envisaged to supply 7½ lakhs of grafts within a period of 3 years for being planted 150 acres both in Government Farms and in the lands of Sericulturists.

2. NONRECURRING EXPENDITURE:-

(a) Acquisition of land:- An area of 13.38 acres of land was acquired in August, 1950 adjacent to the Central Silk Farm for establishing the graft nursery.

(b) Soil improvement:- After the acquisition necessary preliminary operations were done and improvement of soil was done by the proper application of a new dosage of compost farm yard manure and fertilisers. Layout of plots etc., were completed during the first year.

(c) Fencing:- Necessary fencing was put up with live and barbed wires fencing materials.

(d) Agricultural implements:- Necessary agricultural implements such as planet junior hoes, grafting equipements etc., were purchased at a total cost of Rs.630.15.3.

(e) Since an irrigation system is a primary requisite for a nursery, a pumping set of 10 horse power motor was purchased at a cost of Rs.2,226.14.5.

(f) An effective irrigation system has been constructed with a masonry tank of 400 gallons capacity and stone ware pipes leading to the plots.

3. RECURRING EXPENDITURE:-

(a) Establishment:- A Farm Manager on Rs.90 -- 120 was appointed under the scheme and the work in the scheme has been closely supervised and guided by the Assistant Sericultural Expert (Mulberry Research).

(b) Labour and Contingencies:- Several items of work connected with the nursery such as preparation of seed beds, digging, weeding, hoeing, manuring, irrigation etc., including preparation of grafts are being done by trained labour.

PROGRESS OF WORK UNDER SEVERAL ITEMS.

1. Sowing of Seeds:- The following quantity of local and Berhampore variety seeds were sown for raising local seedlings and Berhampore seedlings with a view to get sufficient number of root stock and scions for grafting purposes.

P.T.O

YEAR.	Local variety Lbs.Oz	Berhampore variety Lbs.Oz
1950--51	13.12½	6. 1½
1951--52	11.12	0. 4
1952--53	13. 0	5. 0

2. Transplantations of Seedlings:- The following number of seedlings was transplanted for stock and scion purposes:-

YEAR.	Local	Berhampore
1950--51	62,533	24,905
1951--52	93,866	7,332
1952--53	1,00,000	4,000
Total	2,56,399	36,237

3. Preparation of grafts:- A quantity of 40,200 grafts was prepared and distributed in the year 1951-52 during the planting season. During 1952-53, a quantity of 2¼ lakhs of grafts was prepared from June to September, which is the proper season for the preparation of grafts and 64,630 grafts have so far been distributed. In view of the delayed rains, the grafts prepared are kept in the nursery alone for being distributed next year. During the planting season of 1953 the remaining quantity of 4½ lakhs of grafts will be prepared. Necessary steps have already been taken to raise the required number of stock and scion materials.

(c) Steps taken to continue the scheme in 1953-54.

The present scheme ceases with the preparation and issue of the targetted production of grafts in the planting season of 1953. In view of the ~~fair perfection~~ for stocking importance of the scheme in introducing certain high yielding varieties especially of Japaneso variety, Kaironezumi Goeshi. Steps have already been taken to multiply this variety in the central Mulberry Nursery.

During 1950, a small consignment of the Japanese variety was imported from Japan by the Central Silk Board. Though most of the seedlings dried up in transit as they came by sea route, a nucleus of original plants was carefully preserved, from which about 6,000 plants have been raised by grafting and budding. At present this stock is serving for work in 1952--53, in the preparation of and supply of Japaneso grafts to the Sericulturists of Kollegal. The Technical Development committee of the Central Silk Board has approved the work of the preparation of Japanese grafts in the present scheme in force at their recent meeting held in September, 1952 at New Delhi. This variety has got certain natural advantages besides being a high yielder.

1. Increased nutritional value
2. Disease and drought resistant under local conditions.
3. Has got good keeping qualities and keeps fresh for long time when compared to local and Berhampore varieties.

It is therefore necessary in view of the immediate benefit the grafting scheme will confer on the sericulturists of Kollegal that the scheme may be continued for another period of 3 years for carrying on useful work with the Japanse variety of mulberry for the preparation of grafts for distribution among the Sericultirists in the state.

CENTRAL SILK BOARD SCHEME FOR ESTABLISHMENT OF A CENTRAL MULBERRY NURSERY IN MOLAKALMURU TALUK, CHITRADURGA DISTRICT.

The central silk board has allotted a sum of Rs.30,000/- during 1950-51 for the establishment of a central mulberry graft nursery in Molakalmuru taluk as a scheme of similar progress. It was found that a grain house should be set by this as an adjunct to the nursery for taking up on-the-spot experiments studies of mulberry. Accordingly, the central silk Board was approached for further grant of Rs.10,000/- during 1951-52 for the construction of a grain house. The Standing Committee of the Central Silk Board at its meeting on 21st April, 1951 approved of the scheme and sanctioned a sum of Rs.10,000/- has been communicated with to this Government.

The land for establishing the nursery was recently approved by the State Government and the construction work has been entrusted to the P.W.D., No expenditure has been incurred so far on this scheme.

SCHEME FOR THE IMPROVEMENT OF THE BASIC SEED OF THE INDIGENOUS RACE OF SILKWORMS (Multivoltine Race reared in Madras and Mysore) IN THE SEED CAMPAIGN AREA IN THE HOSUR TALUK OF MADRAS STATE.

:oOo:

The Central Silk Board at its meeting on 21st April, 1951 sanctioned a sum of Rs.22,600/- towards the construction of suitable buildings for the Combined Demonstration Silk Farm and Grainage at the seed area in Berikai in Hosur Taluk of this State for the improvement of basic seed of the indigenous race of silkworms. Much preliminary work has been done in developing this area into a seed cocoon producing centre and at present the Demonstration Silk Farm and Grainage are housed in rented buildings. Thus, with the construction of suitable types of buildings, the seed campaign Activities in this area could be further developed on orderly lines.

The plan and estimates prepared by the P.W.D. have been approved by the State Government and the construction work has been entrusted to the P.W.D. No expenditure has so far been incurred out of the grant of Rs.22,600/- made for the Scheme.

(Camp) Hosur, Dated 9.11.52.

ESTABLISHMENT OF A STATISTICAL UNIT ATTACHED TO THE OFFICE OF THE SERICULTURAL EXPERT, KOLLEGAL.

:oOo:

The collection, compilation and interpretation of proper statistical data in respect of the silk Industry is really of vital importance. The Tariff Board (now Commission) and the Planning Commission of the Government of India have been repeatedly emphasising the need for collection, codification and interpretation of reliable data pertaining to the industry to regulate the processes on economic basis by framing policies on right lines. The necessity for collecting reliable statistics regarding the Silk Industry was keenly felt by the various Governments. The Technical Development Committee of the Central Silk Board at its meeting on 30th October, 1949, passed a resolution pointing out the importance of statistics and the need for the Central Silk Board to assist the various States engaged in the Silk Industry to collect statistics. In the Second Annual General Body Meeting held at Calcutta on 23rd June 1950, it was resolved that Central Silk Board should set apart of a sum of Rs.15,000/- towards grants to the three State Governments of West Bengal, Mysore and Madras and to the Central Silk Board for opening Statistical Sections.

2 Accordingly, a sum of Rs.3,000/-. was given to the Government of Madras for running a Statistical Unit for a period of 18 months, under the usual conditions applicable for the grants made by the Central Silk Board. Out of this grant, it was possible to employ only an Upper Division Clerk and a Peon to assist in the collection of statistics. The Scheme was implemented in April, 1951. At present statistics regarding mulberry cultivation, silkworm rearing, cocoon and silk production are being completed. Besides Statistical Bulletins containing information regarding cost of production of cocoons and Silk, indices of essential commodities and ssilk, import figures and market conditions are issued every month from the statistical Branch attached to the office of the Sericultual Expert, Kollegal. So far, 33 bulletions have been issued.

3 As may be seen, since the grant was small, no qualified statistical officer could be appointed eventhough the work of collecting, compiling and interpreting statistics requires the services of a qualified statistician. A scheme for the establishment of a full-fledged statistical unit with a statistical officer was drawn up at a cost of Rs.6,000/-. per annum for the consideration of the Central Silk Board and the Board at its annual general body meeting held on 22.9.52 at New Delhi have made a grant of Rs.6,000/-. to the State Government for the purpose. The collection, Compilation and interpretation of statistics is a continuous process without any time limit and as such it is essential that the scheme is continued atleast for 10 years. With the formation of the full-fledged Unit, it is envisaged to expand the activities of the Section.

4 Out of the grant of Rs.3,000/-. given for utilisation for a period of 18 months, a sum of Rs.1,523-1-0 has been spent upto 31.3.52. The details are furnished below:-

(Camp) Hosur, Dated 9.11.52

PROGRESS REPORT ON THE THREE VOLUNTARY COCOON MARKETS OPENED AT BASAPPANDODDI, TALAVADI AND SATTEGAL IN THE [illegible] STATE OF MADRAS.

:oOo:

For the stabilization of any industry, scientific and rational system of marketing based on commercial and industrial lines, is of utmost importance. The four Cocoon Markets opened under the Madras Silkworm Cocoon Control Order, 1943 during the war years, are being continued by the State Government on a voluntary basis, in view of the very useful part they are playing in the development of the Industry. Three additional voluntary Cocoon Markets were opened at Basappandoddi, Talavadi and Sattegal on 18th August, 1950, under the auspices of the Central Silk Board and they are found to be very useful both to the Sericulturists and to the Industry in general.

Before the opening of these three Markets, silk worm rearers from these new areas, developed by the Department by persuasive propoganda, had to carry their cocoons over long distances of 10 to 15 miles to the Government Cocoon Markets situated in major sericultural centres at great cost besides impairing the quality of cocoons. The rearers in these new areas were also to a large extent exploited by the charka reelers and middlemen in the absence of the Cocoon Markets. The quality of cocoons produced in the three areas and surroundings has been found to be very good and the establishment of these Markets has been a great relief to the rearers as they could sell their produceat fair price and steady rates in the markets. Prompt attention, correct weighment, fair price and spot cash are the desirable features in these Government Markets and these have given the ryots an incentive to take more interest in the industry by increasing the mulberry acreage and furthering the production of cocoons. This combined with the concessions granted by the State Government for mulberry cultivation by way of loans and kist remission has been responsible for a general increase in acreage under mulberry in the three areas.

Each Market continues to be incharge of a Junior Market Officer assisted by an Attender. The Markets continue to function in rented buildings. Equipment such as iron safes, Avery Platform Scales for weighment of cocoons, furniture etc., have been provided for all the three Markets.

The following figures furnish the transactions in the Cocoon Markets since their inception on 18th August, 1950 to 31st October, 1952.

	Quantity in Lbs.	Value in Rupees.
1. Basappandoddi	18,583. 0	26,381.9.0
2. Sattegal	30,775. 0	40,766.3.0
3. Talavadi	47,555. 4	57,900.7.6

P.T.O

An abstract of expenditure on the scheme is furnished below:-

Total amount of grant made	Rs.18,000	0	0
Actual expenditure during 1950-51	Rs. 4,798	0	0
Amount available on 1.4.51	Rs.13,202	0	0
Actual expenditure during 1951-52	Rs. 7,170	0	0
Amount available on 1.4.52	Rs. 6,032	0	0
Actual Expenditure upto October, '52	Rs. 3,364	15	0
Balance available on 1.11.52	Rs. 2,667	1	0

It is necessary to continue this scheme till such time as the 'Notified Cocoon Markets' are established by State Government as they are found to be very useful. These three markets are very popular among the rearers and the volume of transactions is increasing gradually.

VKM.V.M.

	Rs.
1. Pay of Establishment	3,000/-
2. Dearness Allowance	1,500/-
3. Travelling Allowance and other Compensatory Allowance	500/-
4. Contingencies	900/-
5. Dearness Allowance to Menials...	600/-.
Total	Rs.6,500/-

The entire amount of Rs.6,500/- will have to be made available for utilization during 1953-54, as the balance of amount from the grant of Rs.18,000/- made by the Silk Board would have been spent up by 1952-53.

vkm.9.11.

Sericultural Expert, Kollegal.

Dev. (G) Dept.

SPECIAL

Memorandum No. 123951 G/52-4, dt. 20-11-52.

Sub:- Industries - Sericulture - Progress Report o... schemes financed by Central Silk Board - Continuanc during 1953-54.

Ref:- From the D.I.& C.No.4740 D2/52 dt. 15-11-52.

With his letter cited the D.I.& C. has forwarded the progress reports in respect of the five schemes financed by the Central Silk Board and has recommended the continuance of the following three schemes.—

1. Central Mulberry Graft Nursery at Kollegal
2. Statistical unit.
3. Voluntary Cocoon markets.

2. The D.I.& C. is requested to furnish ~~the~~ further particulars in respect of each scheme as indicated below.

(1) Central Mulberry Graft Nursary at Kollegal

The total amount available on 1-11-52 under both recurring and non-recurring out of the grant of Rs. 30,000/- comas to only Rs. 2128-9-8, which will be required for expenditure for the remaining months in 1952-53. The statement that a sum of Rs. 3502/- will be available out of the Grant made by the Central Silk Board for utilisation during 1953-54 apparently takes into account the balance available out of the additional sum of Rs. 4000/- asked for in respect of the scheme for 1952-53 - vide D.I.C.'s letter No.905 D2/52 dt. 26-5-52 and ~~copy of~~ to the Central Silk Board. Govt. Letter No.59368 G/52-2, dt. 2-7-52. The D.I.& C. is requested to state whether this is correct. If so, the D.I.& C. is requested to state whether, in view of the fact that the amplified scheme has not yet been sanctioned by the Board and funds placed at the disposal of this Govt., it will be correct to take into account the amount. In this connection a copy of letter No.CSB/49/54 dated 25-10- is forwarded to the D.I.& C.

Again the total of the ~~statements of the~~ expenditure furnished comes to only Rs. 6000/- and not Rs. 9000/- The D.I.& C. is requested to explain the discrepancy and furnish revised estimates for 1952-53 and 1953-54 in

respect of the scheme.

(2) Statistical unit:-

In his note the Sericultural Expert has stated that a scheme for the establishment of a full-fledged statistical unit ~~was drawn up~~ at a cost of Rs. 6000/- p.a. was drawn up for the consideration of the Central Silk Board at its meeting held on 22-9-52. The D.I.& C. is requested to quote the number and date of his letter with which the scheme was submitted to the Govt. and also to furnish a copy of the same.

No communication from the Central Silk Board has so far been received by the Govt. relating to the scheme and the grant of Rs. 6000/- made ~~by it~~ towards it. The D.I.& C. is therefore requested to furnish revised estimates for 1952-53 and 1953-54 in respect of the scheme.

(3) Voluntary Cocoon Markets.

The D.I.& C. is requested to furnish immediately the estimates of expenditure in respect of the scheme for the remaining months in 1952-53 promised in his letter No.4546 D2/52, dt. 24-10-52.

The reference should be treated as 'Special' and the report and revised estimates furnished before 26-11-52. One copy of the progress report submitted with his letter cited is returned to him for reference and return along with reply.

Dev 135863 e/52
28-11-52

Sir,

No. 4740-D2/52. Dated 26th November 1952.

Sub: Industries - Sericulture- Progress Report on Schemes financed by the Central Silk Board - Continuance during 1953--54.

Ref: Government memorandum No. 123951-G/52-4, Development, dated 20-11-1952.

I submit below further particulars in regard to each of the following three schemes financedby the Central Silk Board as desired by Government in their memorandum cited:

1) Central Mulberry Nursery at Kollegal.
2) Statistical unit,
3) Voluntary Cocoon markets.

(1) CENTRAL MULBERRY NURSERY AT KOLLEGAL:

The presumption expressed by Government that the statement that a sum of Rs 3,502/- will be available out of the grant made by the Central Silk Board for utilisation during 1953--54, takes into account the balance available out of the additional grant of Rs 4,000/- asked for in respect of the scheme for 1952--53 is correct. In as much as the Government do not propose to take the above grant of Rs 4,000/- into account unless the funds are placed at the disposal of the Government; I have enclosed revised estimates for 1952--53 and 1953--54 in which the sum of Rs 4,000/- not yet sanctioned by the Standing Committee of the Central Silk Board has been excluded. According to the revised estimates an additional grant of Rs 300/- will be required during the year 1952--53 and Rs 9,500/- during the year 1953--54 in order to continue the scheme.

With reference to Para 2 of the Government Memorandum I submit that the amount shown under contingencies in the statement forwarded with my letter No. 4740-D2/52, dated 15-11-52 should be Rs 4,500/- and not Rs 1,500/- which is a typographical error in the Sericultural Expert's office--vide also details furnished for the scheme along with my letter No. 905-D2/52, dated 26-5-52.

(2) STATISTICAL UNIT:

I herewith enclose revised estimates for 1952--53 and 1953-54 in regard to the above scheme. It will be seen therefrom that an additional grant of Rs 6,000/- will be required for continuing the scheme during the year 1952--53 and 1953--54. The additional grant of Rs 6,000/- sanctioned by the Central Silk Board at its last annual general meeting and not yet placed at the disposal of the Madras Government has not been included in the estimates as suggested by the Government.

The number and date of the Government reference in which the amplified scheme was sent to theCentral Silk Board is not readily available. The Sericultural Expert is being asked to furnish the information and I shall inform Government of the relevant reference in about a week's time.

pto

32

(3) VOLUNTARY COCOON MARKETS:

An amount of Rs 2,667/1/- is available under this scheme on 1-11-52--vide statement enclosed while only a sum of Rs 2,628/- will be required for the period 1--11--52 to 31--3--53. No additional grant will therefore be necessary for the year 1952--53. In order to continue the scheme during 1953--54 an additional grant of Rs 6,5000/- may be obtained from the Central Silk Board as ~~required~~ requested in this office letter No. 4740-D2/52, dated 15th November 1952.

Sub: Industries- sericulture -Central Silk Board India - Next meeting of the standing committee - subjects of Madras Government to be included in the Agenda.

I close herewith notes prepared by the Sericultural Expert, Kollegal on each of the following items proposed to be discussed at the next meeting of the standing committee.

1. Establishment of a central mulberry running at Kollegal.
   Proposals for a further grant of Rs.10,000/- for putting up a mulberry seedling house.

2. Plan for the establishment of a statistical unit in the sericultural section of the Department of Industries and commerce.

3. Proposals for equipping the research station at Kollegal with necessary scientific apparatus.

PLAN FOR THE ESTABLISHMENT OF A STATISTICAL UNIT ATTACHED TO THE SERICULTURAL SECTION OF THE GOVERNMENT OF MADRAS.

...

The collection, compilation and interpretation of proper statistical data in respect of the Silk Industry in the Madras State is really of vital importance. The need for reliable and upto-date statistical data, for policy making, legislation and moulding of public opinion, specially with regard to economic and industrial matters is being increasingly felt in all progressive countries. The Tariff Board and the Planning Commission of the Government have been repeatedly emphasising the need for collection, codification and interpretation of reliable data pertaining to the industry in all its aspects of production, both factory and cottage, land, labour and capital, reduction of costs and rationalization and distribution and marketing and many sided fields for utility and consumption, the processes of Silk Industry on the economic basis cannot be properly regulated and the arrangements and the framing of policies from time to time cannot be well-ordered. Though the primary and major part of work is the collection of proper and correct data, still the real essence of work and ultimate framing of policies depend upon the codification and interpretation of the data collected at various stages in the several branches of the industry and such statistical programme from time to time constitute the main check for control over the various units, estimating the repercussions of various types of policies in the whole system and allocating resources in accordance with formulated schedules of priority. Further the statistical interpretation of the experiments done at the Research Section forms an important and integral part. It has been pointed out by the Tariff Board and the Central Silk Board that reduction in the cost of production with simultaneous increase in production should be the sole aim. For this, an analysis of the costing statistics with regard to cultivation of mulberry, production of cocoons, production of raw silk etc. at every stage is of paramount importance. The new technique of Quality control in industry has enabled the deduction of assignable causes of variations in products and also the improvement of efficiency of even inexperienced workers. So, in order to gauge the progress or otherwise of the industry from time to time with a view to framing of suitable policies, a Statistical Unit with a well-equiped statistician is necessary. As statisticians are much in demand and as it is difficult to get first-rate candidates qualified in Statistics, an attractive pay and proper status will be considered necessary. The statistical Unit may be established on the following lines in this office:-

1) One statistical officer (Gazetted) on 230-30/2-410
2) One Upper Division Clerk on Rs.80-3-95-5-110.
3) One Peon on Rs.18-½ (A)- 25.

The estimated expenditure of Rs,6,000/- per year may be contributed by the Central Silk Board itself as the Board has already sanctioned a sum of Rs.2,000/- and it will be most appropriate and beneficial if the grant is increased to Rs.6,000/- i.e. an additional expenditure of Rs.4,000/- per year is necessary. Moreover, the grant cannot be limited for a few months, since collection, compilation and interpretation of statistical data is a continuous process running over a period of number of years. Therefore, the grant can be made for a period of three years at least, in the first instance.

Dev.(G) Dept.

Letter No..123951. G/52- 9 dated 23-12-52.

To

The Vice-Chairman,
Central Silk Board,
Office of the Textile Commissioner,
Shahibag House, Wittet Road, ~~Ballard~~
Ballard Estate, Bombay (with encls).

Sir,

Sub: Industries - Sericulture - Progress report on special schemes for which the C.S.Board has granted financial subventions to State Govts.

Ref: Your letter No.CSB.52/143 dated 30.10.52.

I am directed to state that the Central Silk Board has given grants-in-aid for the implementation of the following five schemes connected with the development of sericulture in this State.

1. Central Mulberry Graft Nursery at Kollegal.

2. Opening of a Statistical Unit attached to the office of the Sericultural expert, Kollegal.

3. Opening of three Additional Voluntary Cocoon Markets in Kollegal Taluk.

4. Construction of a Green House as an adjunct to the Central Mulberry Nursery at Kollegal.

5. Construction of buildings for Experimental Rearing and Grainage at Berikai in Hosur Taluk.

An up-to-date report detailing the progress achieved so far in respect of the five schemes and the need for the continuance of the first three schemes together with an estimate of expenditure for 1952-53 and 1953-54 are enclosed herewith. In this connection I am to state that the scheme for the continuance of the Central Mulberry Graft Nursery at Kollegal proposed for 1953-54 is the same as the one forwarded with this Deptt's letter No. 59368.G/52-2 dated 2.7.52 and considered by the Technical Development Committee of the Board on 22.9.52. Vide Board's letter CSB/49/52 dated 25.10.52. As regards the scheme for the continuance of the Statistical unit, the Sericultural Expert reports that the revised scheme forwarded to

the Board with D.I.&.C's letter No. 7314.D2/50 dated 27.3.51 was considered by the Board at its general Body meeting held on 22.9.52... A Copy of the Scheme is enclosed herewith.

The Govt. of Madras consider that all the three schemes are essential and should be continued during 1953-54. I am therefore directed to request that the necessary grants for the continuance of the schemes for 1952-53 and 1953-54 may be placed at the disposal of this Govt. at an early date

A very early reply will be much appreciated.

Copy to the D.I.&.C.

To

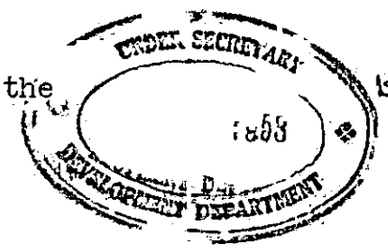
The Joint Secretary to the
Government of Madras,
Development Department,
Madras.



Dear Sir,

Subject:- Consideration of special schemes submitted by the Government of Madras.

I am directed to refer to your letters Nos. 123951.G/52-9 dated the 23rd December, 1952, ~~and 25?4.G./53-2 dated the 30th January,~~ 1953, ~~respectively~~ and to inform you that the following schemes have not been included for consideration at the next meeting of the Technical Development Committee of the Central Silk Board to be held at Bombay on the 16th February, 1953, because of the reasons indicated against each:-

(i)	Establishment of a Statistical Unit attached to the office of the Sericultural Expert, Kollegal.	Kindly see Technical Development Committee's decision on this subject at its meeting held at Delhi on the 22nd Sept., 1952, a copy of which is enclosed.
(ii)	Investigation into some aspects of "Flacherie Disease" among the multivoltine races of silk worms reared in South India.	Separate file Report of Research Committee which met at Bangalore on the 21st January, 1953, is at present awaited from the Sericultural Expert, Kollegal.
(iii)	Experimental studies on certain aspects in silk reeling and silk technology with special reference to multivoltine breeds of cocoons in South India.	

2. The other schemes have, however, been included in the Agenda for consideration.

End no. 123951 G/52-13 dated 7.2.53 Dev(G) Communicated to the D.D.C.

Yours faithfully,

(V. Govindan)
for Secretary.

Copy to the D.D.C. (with a copy of letter above and copy of 'x' on file)

Date:- 9.10.1952.

CENTRAL SILK BOARD.

Proceedings of the Technical Development Committee which met at 4.00 p.m. on the 22nd September, 1952, at New Delhi to consider items 7 to 13(2) of the Agenda for the Annual General Meeting of the Board.

****

The Vice-Chairman of the Board, Shri T. Swaminathan, I.C.S., presided and the following Members were present:-

(1) Shri K. Shamsuddin Khan.

(2) Shri A.T. Janakiraman.

(3) Shri T.C. Wazir.

(4) Shri D.P. Raichoudhury.

(5) Shri B.C. Thukral.

(6) Shri Ratneswar Dutta.

(7) Shri S.N. Hussain.

At the outset, Shri T.C. Wazir (Kashmir) emphasized the necessity of laying down certain broad principles on the basis of which grants-in-aid should be made to the State Governments for the development of Sericulture Industry in the country. It was pointed out to him that the grants-in-aid were made by the Board only after obtaining the acceptance by the State Governments concerned of the conditions governing the grants and each scheme judged on its merits. The suggestion of Shri Wazir was, however, referred to the Standing Committee for detailed examination and working out necessary details in this connection.

The Development Schemes of the State Governments referred to the Committee by the Board (vide items 7 to 13(2) of the Agenda for the General Meeting of the Board) were taken up for detailed examination.

P.T.O.

5V

Items 7 to 13(2) of the Agenda for the General Meeting of the Board.

Item. 7.

Consideration of the Uttar Pradesh Government Scheme for training of students in Sericulture and establishment of a Grainage at Doiwala.

The Schemes submitted by the Government of Uttar Pradesh foi continuation of the training of students in Sericulture, and establishment of a Grainage at Doiwala were considered and approved by the Committee. It was recommended to the Standing Committee that a grant-in-aid of Rs.7,500/- should be made to the Government of Uttar Pradesh as follows:-

(a) Training of students in Sericulture	..	Rs.7,250/-
(b) Purchase of equipment	..	Rs.10,250/-
		Rs 17,500/-
Leas grant already made available to the Government of Uttar Pradesh		Rs.10,000/-
Balance		Rs. 7,500/-

Item. 8.

Consideration of the Himachal Pradesh Government's Scheme for setting up a Rearing Hut at Poanta and training of six persons in Sericulture.

The schemes submitted by the Government of Himachal Pradesh for (a) setting up of a Rearing Hut at Poanta, (b) establishment of small Reeling Units in the districts of Mandi & Sirmur and (c) training of six persons in Sericulture were discussed in detail by the Committee. Regarding item (c) above, it was felt that the cost of training of six persons in Sericulture should be borne by the State Government, being legitimate expenditure of the Sericulture Department of the State. The other two items viz., establishment of a Rearing Hut at Poanta and establishment of small Reeling Units

P.T.O.

in the districts of Mandi& Sirmur were approved by the Committee and a sum of Rs.8,000/- as shown below was recommended as a grant-in-aid to the Government of Himachal Pradesh.

(a)	establishment of a Rearing Hut at Poanta ..	Rs.5,000/-
(b)	establishment of small Reeling Units in the districts of Mandi & Sirmur ..	Rs.3,000/-
	Total:-	Rs.8,000/-

Item. 9.

Consideration of Punjab (I) Government's Scheme for establishment of a Model Rearing House at Mukerian.

The scheme for the establishment of a Model Rearing House at Mukerian was approved and a grant-in-aid of Rs.5,000/- was recommended for this purpose.

Item. 10.

Consideration of Mysore Government's Scheme for development of Sericulture in that State.

All the three schemes of the Government of Mysore were considered and approved. A grant-in-aid of Rs.28,700/- was recommended as follows:-

(a)	Continuation of the Moriculture Section in Research Institute at Channapatna. ..	Rs.13,000/-
(b)	Continuation of their scheme for Research on Silkworm nutrition at the Indian Institute of Science, Bangalore ..	Rs.12,000/-
(c)	Establishment of Statistical Section for collection of data relating to the Sericulture Industry in that State ..	Rs. 3,700/-
	Total:- ..	Rs.28,700/-

Item. 11.

Consideration of Assam Government's Schemes for development of Sericulture in that State.

The following schemes were submitted by the Government of Assam for Board's consideration:-

P.T.O.

(a) (i)	Rearing of Foreign Races of silkworms ..	Rs.15,000/-
(ii)	Experimental research in mulberry cultivation ..	Rs. 9,237/-
(iii)	Entertainment of Ministerial Staff ..	Rs. 3,450/-
(iv)	Establishment of Voluntary Cocoon Market ..	Rs. 6,623/-
(b)	Establishment of a Statistical Unit ..	Rs. 5,000/-
		Rs.39,310/-
	Less, Savings during 1951-52	Rs. 1,310/-
		Rs.38,000/-

Shri Ratneswar Dutta informed the Committee that the Government of Assam have themselves agreed to finance the scheme relating to the establishment of Voluntary Cocoon Market and therefore withdrew item (a) (iv).

The Committee next considered item (a) (iii) and were of the opinion that the expenditure on office establisnment should not, on principle, be financed by the Board as it is normal administrative expenditure which is a legitimate charge on the State Government.

As regards item (a) (i) above viz., Rearing of foreign races of silkworms the Committee felt that there was room for economy in respect of non-recurring expenditure and that a consolidated grant of Rs.8,000/- be given to the Government of Assam for building and purchase of instruments and appliances for use in cold storage. A sum of Rs.2,000/- estimated as recurring expenditure was also recommended.

As regards item (a) (ii) above viz., experimental research in mulberry cultivation, the Committee felt that a grant-in-aid of Rs.5,000/- only should be given to the State Government for this purpose.

As regards (b) above, the Committee approved a grant of Rs.3,000/- only for the establishment of a Statistical Unit.

Summarising, the Technical Development Committee approved and recommended a grant-in-aid of Rs.16,690/- as shown below:-

(a) (i)	Rearing of Foreign Races of Silkworms ..	Rs.10,000/-
(ii)	Experimental research in mulbery ---ltivation. ..	Rs. 5,000/-
(b)	Establishment of Statistical Unit. ..	Rs. 3,000/-
		Rs.18,000/-

P.T.O.

	B/F	Rs.18,000/-
Less, Savings during 1951-52	..	Rs. 1,310/-
Total grant recommended		Rs.16,690/-

Item. 12.

Consideration of the schemes of the Government of West Bengal for development of Sericulture in that State.

The Committee approved the two schemes submitted by the Government of West Bengal and recommended a grant of Rs.38,000/- as follows:-

(a) Continuation of their scheme for increased production of F.1 Cross Layings and for Voluntary Cocoon Markets.	..	Rs.35,000/-
(b) Continuation of the Statistical Section in that State.	..	Rs. 3,000/-
Total:-		Rs.38,000/-

Item. 13 (1)

Consideration of the Madras Government's Schemes for development of Sericulture in that State.

The following three schemes submitted by the Government of Madras were carefully considered by the Committee and approved. A grant of Rs.15,500/- was recommended as shown below:-

(a) Continuation of their scheme for Central Mulberry Nursery at Kollegal with improved Japanese varieties.	..	Rs. 4,000/-
(b) Introduction of improved Japanese Types of Cocoonages in the Sericultural Villages in Kollegal Taluk.	..	Rs. 5,500/-
(c) Continuation of the Statistical Section in that State.	..	Rs. 6,000/-
		Rs.15,500/-

A further grant of Rs.22,000/- was also agreed to by the Technical Development Committee for the establishment of Chawki Collection Rearing Centres in that State. Shri K. Shamsuddin Khan was, however, requested to visit Kollegal and send his recommendations on the basis of which final allotment would be made by the Vice-Chairman.

P.T.O.

Item. 13 (2)

Consideration of Madhya Bharat Government's Schemes for development of Sericulture in that State.

The schemes submitted by the Government of Madhya Bharat were considered by the Committee and a grant-in-aid of Rs.19,000/- was recommended as shown below:-

(a)	Construction of one Model Rearing Room	.. Rs.6,000/-
(b)	Construction of a Grainage	.. Rs.8,000/-
(c)	Sinking of a well and installing a pump and engine in the Central Silk Farm, Badarkha.	.. Rs.5,000/-
		Rs.19,000/-

In the course of discussion on the grants to the State Governments for the establishment of Statistical Sections in their States, the Vice-Chairman observed that administrative expenditure on Statistical Sections was a part of the normal administrative expenditure that should be borne by the State Governments themselves, and hoped that the State Governments would not approach the Board again for similar grants. He also emphasized the important role of statistics in scientific planning of an industry and said that efforts should be made by the Board in consultation with the Central Statistical Organisation of the Government of India to determine standard proformae for collection of statistical information relating to Sericulture Industry. He requested Shri K. Shamsuddin Khan and Shri A.T. Janakiraman to prepare a note on the subject for consideration of the Standing Committee in its next meeting.

Shri T.C. Wazir (Jammu & Kashmir) informed the Committee that they were not yet able to start working of the Japanese Reeling Machinery allotted by the Board to his State for want of trained personnel and requested that the Board might give a subvention to enable the Government of Jammu & Kashmir to depute one of their officers to Kollegal for obtaining the requisite training. After

P.T.O.

some discussion it was decided that Shri T.C. Wazir should send up a scheme for the purpose and submit the same for consideration. It was, however, agreed in principle that the cost of the deputation of a Kashmir Government Officer to Kollegal should be borne by the Board.

The meeting terminated with a vote of thanks to the Chair.

SPECIAL AP 17/3 1PM

Letter No.123951 G/52-14 dt. 17.3.53

To

The Secretary,
Central Silk Board,
Office of the Textile Commissioner,
Harkarwalla-Building,
Wittet Road, Ballard Estate,
BOMBAY-1.

Sir,

Sub:- Industries - Sericulture - Schemes relating to Central Mulberry Nursery Voluntary Cocoon Markets and Statistical Unit - Sanctioned during 1953-54.

Ref:- Letter from the Central Silk Board No.CSB/53/166, dated 9-2-1953.

I am directed to state that, in this Deptt. letter No.123951 G/52-9, dated 23-12-1952 the following three schemes have been recommended by this Govt. for consideration by the Board and for sanction of necessary funds during 1953-5 as noted against each.

	Cost i 1953-5 Rs.
1. Continuance of the Central Mulberry Nursery at Kollegal with improved Japanese varieties.	9500
2. Continuance of Voluntary Cocoon Markets at Sattegal, Basappandaddi and Talavadi.	6,500
3. Continuance of the existing statistical unit attached to the office of the Sericultural Expert as a full-fledged statistical unit.	6,000

An additional grant of Rs. 300/- has also been asked for for continuance of the Central Mulberry Nursery upto 31st March, 1953.

2. In this connection I am directed to invite attention to your telegram No.CSB/53/67A dt. 23-2-1953 and No.CSB/53/43 dated 24-2-53 and to say that the continuance of the ~~existing~~ three voluntary cocoon markets and the ~~existing~~ statistical unit have been sanctioned upto 31-3-1953. I am now directed to request that ~~early action may be taken to place at the~~

~~disposal of this Govt.~~ the sum of Rs. 22,300 required for expenditure on the three schemes during 1952-53 may be placed at the disposal of this Govt at a very early date and 1953-54, and also to request to be informed whether in anticipation of sanction of funds, the amplified schemes relating to the Statistical Unit and Central Mulbery Nursery at Kollegal and the three voluntary Cocoon markets may be sanctioned for continuance for a period of one year from 1.4.53. ~~beyond 31.3.1954~~.

A reply before 24th March, 1953 will be much appreciated.

Dear Sir,

Subject:-Central Mulberry Graft Nursery at Kollegal.

With reference to your letter No.123951.G/52/9 dated the 23rd ecember 1952, I have to inform you that the Standing Committee of the Board at its meeting held on 17-2-1953 agreed to make a grant of Rs.9,800/- for the continuance of sericultural activities in the Central Mulberry Graft Nursery at Kollegal during the financial year 1953-54 as requested by you. The amount will be made available to you as soon as necessary funds are placed at the disposal of the Board by the Central Government.

2. Reports on the progress of the scheme together with the statements of actual expenditure incurred out of the Board's grants made for this purpose may please be furnished to this office at least once in every three months.

Yours faithfully,

(R. Sharma) 24/3/53
Secretary, Central Silk Board.

Dear Sir,

Subject:- Voluntary Cocoon Markets
in Kollegal Taluk.

Pp 47-48 above

With reference to your letter No.123951.G/52/9 dated the 23rd December, 1952, I have to inform you that the Standing Committee of the Board at its meeting held on the 17th February, 1953, decided to give a grant of Rs.6,500/- to your Government for continuation of the Voluntary Cocoon Markets at Basappandoddi, Talavadi and Sattigal in Kollegal Taluk in 1953-54. The grant will be made available to you as soon as necessary funds are placed at the disposal of the Board by the Central Government. I am directed to request you to furnish this office with periodical reports on the progress of the scheme, together with statements of actual expenditure incurred out of the Board's grants made for this purpose.

2. I am also to convey to your Government the decision of the Standing Committee that further financial assistance should not be given to the State Governments for the continuation of Voluntary Cocoon Markets once they are established since the Board's grants-in-aid are meant only to give a fillip to start new markets wherever necessary and that every effort should be made by the State Governments to make them popular and earn its working expenses instead of depending on the Central Silk Board for grants for continuance of the markets. In this connection I am to inform that a proposal to levy a cess of 1 pice per lb. on the cocoon transactions in the markets is under the consideration of the Government of Mysore. Similar steps may be taken by your Government.

Yours faithfully,

Rakam 24/3/53
(R. Sharma)
Secretary.

Four Drafts.

Dev. (G) Deptt.

(1) Draft I

Sub:- Industries - Sericulture - Scheme for establishment of a Central Mulberry Nursery at Kollegal with improved Japanese varieties - Continuance - Sanctioned.

Ref:- G.O.Ms.No.1721 Dev. dt. 28-4-50.
G.O.Ms.No.2681 Dev. dt. 8-7-50.
From the Central Silk Board letter No. CSB/53/ dated 19-3-53 and No. CSB/53/188(Madras) dated 20-3-1953.

G.O.Ms.No. dated

With a view to prepare and distribute mulberry grafts between the Japanese variety and Berhampore or local variety among the Sericulturists the D.I.& C. submitted a scheme for the continuation of the Central Mulberry Nursery with improved Japanese varieties at Kollegal during 1953-54 for approval by the Central Silk Board, Bombay. The scheme is estimated to cost Rs. 9500/- recurring. The Central Silk Board has approved the scheme and has agreed to make the necessary grant to working the scheme during 1953-54. The Govt. therefore sanction the continuance of the Central Mulberry Nursery at Kollegal with improved Japanese varieties for a period of one year in the first instance and sanction a recurring expenditure not exceeding Rs. 9500/- p.a. (Rupees Nine thousand five hundred only) as detailed in the annexture to this order.

2. Sanction is accorded to the employment of the following staff for a period of one year from the date of employment.

(1) One Nursery Superintendent in the scale of Rs. 180/- 5-200-10-240

(2) Two Field Assts. in the Scale of Rs. 45-3-75 each p.m.

The present post of Farm Manager on Rs. 90-120 will be merged with the post of Nursery Supdt. sanctioned in this order. The staff will be eligible for the usual allowances admissible under the rules.

3. The expenditure should be debited to "43.a. Industries - F. Sericulture - I .Ordinary areas - 6.

Schemes financed by Central Milk Board (1) Central Nursery, Nursery

The D.I.& C. should apply in time for provision of necessary funds either for reappropriation or for obtaining a supplementary grant from the Legislature.

No Budget provision 1 dd (B)

4. A copy of letter No. CSB/53/188(Madras dated 20-3-1953 from the C.S.B., Bombay, is forwarded to the D.I.& C. The D.I.& C. is requested to submit a quarterly progress report of the scheme together with the statements of actual expenditure incurred out of the Board's grants not latter than the 10th of the month following the quarter. The first report for the quarter ending 30th June 1953 should reach the Govt. before on 10-7-53.

C.No 123951 G/52

Sub: Industries - Sericulture - Progress Report on Special schemes for which the Central Silk Board has granted financial sub-ventions.

Ref: From the Central Silk Board CSB/52/43 dated ~~30.10~~ 30.10.52.
+ From the D.I.&.C.4740.D2/52 dated 15.11.52.
= Memo No- 123951.G/52-4 dated 20.11.52.
From the D.I.&,C.No. 4740.D2/52 dated 26.11.52
- Memo No..123951.G/52-7,dated 2.12.52.
@ From the D.I.&.C.No. 4740-D2/52 dated 9.12.52.

The Central Silk Board has called for a report on the progress achieved so far on schemes connected with the development of sericulture for which the Board has granted financial subventions and also an estimate of the probable cost likely to be incurred if these schemes are continued during 1953-54.

2. The following are the schemes for which the Central Silk Board has given subventions.

(1) Central Mulberry graft Nursery at Kollegal.

(2) Opening of a Statistical Unit attached to the Office of the Sericultural Expert, Kollegal.

(3) Opening of three Additional Voluntary Cocoon Markets in Kollegal Taluk.

(4) Construction of a GreenHouse as an adjunct to the Central Mulberry Nursery at Kollegal.

(5) Construction of buildings for Experimental Rearing and Grainage at Berikai in Hosur Taluk.

3. These are noted on below:

Scheme (1): Central Mulberry Graft Nursery: The Scheme was sanctioned in April 1950 to distribute grafted mulberry. The progress report is on pp.9-10.c Grafts so far produced were of local variety. It is now proposed to prepare grafts from improved Japanese varieties and it is reported by the D.I.&.C that it is essential to continue the scheme for a further period of 3 years. An amplified scheme in this regard was submitted to the Central Silk Board with this Deptt's letter No. 59368.G/52-2 dated 2.7.52. The scheme was estimated to cost Rs.9500/- recurring. The Board's decision in the matter has not yet been received. The D.I.&.C. has now reported that the Scheme can now be implemented only from 1.4.53 if funds

are sanctioned by the Board. As against a sum of Rs.5800/- required for expenditure on the scheme during 1952-53 only a sum of Rs.5,500/- is available. The Board may therefore be asked to sanction a sum of Rs.300/- towards expenditure on the scheme in 1952-53, to approve the amplified scheme already submitted to it, and to sanction a sum of Rs.9500/ for expenditure during 1953-54. For orders.

Scheme (2) Opening of a Statistical Unit attached to the Office of the Sericultural Expert, Kollegal.

A sum of Rs.3000/- was given by the Central Silk Board for running a Statistical Unit for a period of 18 months. Out of this grant one U.D.Clerk and a peon were appointed to assist in the collection of statistics from April 1951. The progress made in regard to the scheme will be found on pp.17-18.c.f. As against a sum of Rs.1750/- required for expenditure on the scheme during 1952-53, only a sum of Rs.1477/- is available out of the grant of Rs.3000/- About Rs.300/- will be required during 1952-53. The Board may be asked to sanction this amount.

In March 1951 the D.I.&.C. forwarded direct to the Central Silk Board a scheme for the establishment of a full-fledged statistical unit with a Statistical Officer and staff and estimated to cost Rs.6000/- per annum. The Scheme was considered by the Board at its annual general meeting held on 22.9.52. No communication has so far been received from the Board regarding the grant of Rs.6000/- The D.I.&.C. has stated that the amplified scheme will be implemented only for 1.4.53.

The action of the D.I.&.C. in having forwarded the Scheme (he calls it a note) for the establishment of a full-fledged statistical unit direct to Central Silk Board short-circuiting the Govt. seems highly irregular. This may be pointed out to him and he may be told that he should not in future forward any

scheme ~~outside~~ direct to the Central Silk Board. For orders.

However as the Scheme has already been considered by the Board, the Board may be asked to sanction the Scheme and also an expenditure of Rs.6,000/- for 1953-54 . For orders.

Scheme (3) Opening of three additional Voluntary Cocoon markets in Kollegal Taluk.

The three Voluntary Coooon markets at Basappandoddi, Talavadi and Sattegal have proved useful and afforded great relief to the rearers. (progress report on pp 19-20 c.f. vide) The grant made by the Central Silk Board was Rs.18,000/- and ~~only~~ a sum of Rs.6031/- is available for the year 1952-53. The D.I.&.C. considers that in view of the importance of the markets they have to be continued. It is estimated that a sum of Rs.6,500/ will be required during 1953-54 for continuance of the three markets. As only a sum of Rs.2,628/- will be required for expenditure for five months from Nov. '52 to April '53 as a gainst the balance of Rs.2667/- available, no additional grant is required for 1952-53. The Board may be asked to grant a sum of Rs.6,500/- for continuance of the markets during 1953-54. For orders.

A progress report on the scheme will be found on pp.19-20.c.f.

Scheme (4) Constnuction of a Green House.

The plan and estimates have been approved by Govt. and the construction work entrusted to the P.W.D. No expenditure has been incurred on this Scheme. The progress report is on 13.c.f.

Scheme (5) Construction of Buildings for Experimental rearing and grainage at Berikai

Plan and estimates have been approved by the Govt. and construction work entrusted to P.W.D. No expenditure has been incurred so far. The progress report is on p.15.c.f.

4. It will be observed from the above

that a sum of Rs.600/- will be required for expenditure on the three schemes during 1952-53 and that a sum of Rs.21,600/- will be required for continuance of the amplified schemes in regard to the first two and for the continuance of the three coooon markets during 1953-54.

A copy of the progress report on all the five schemes on pp.9-20.c.f. together with copies of the Statements of expenditure and a copy of the scheme on p.45.c.f. may be forwarded to the Board and it may be asked to place necessary funds for continuance of the schemes durigg 1952-53 and 1953-54.

Subject to orders a draft memo and draft letter are submitted below for approval. Finance may see before circulation.

To A.S.

The letters from the C.S.B. at pp.65-69 c.f. may be read.

In this Deptt. letter No.123951-G/52-9, dated 23-12-52 to the Central Silk Board, this Govt. recommended that the following three schemes may be continued during 1953-54. — pp 47-48 c

with enhanced Taparas benefits

1) Central Mulberry Graft Nursery at Kollegal, at an estimated cost of Rs.9,500/- P.A.

2) Statistical unit, as a full fledged one, attached to the office of the Sericultural Expert at an estimated cost of Rs.5,600/- PA. and — item 163 on p 47 c.

3) The three voluntary cocoon markets at Sattegal, Basappandoddi and Talavadi at an estimated cost of Rs.6,500/-

Scheme (1) The Board has since agreed to make a grant of Rs.9,500/- asked for and also Rs.300/- being the balance of expenditure for 1952-53 - vide p.67 c.f. (A sum of Rs.4,000/- has already been placed at the disposal of this Govt.) — p 67 c — Srno 4 on p 65 c
The scheme may be sanctioned.

Scheme(2): The Board has made a grant of Rs.6,000/- asked for, for the continuance of the statistical unit as a full fledged one. (This includes the balance amount required for expenditure in 1952-53) — item 3 on p 65 c — p 35 c
The scheme may be sanctioned.

As the full fledged scheme envisages the employment of a statistical officer on Rs.230-410/- p.m. (Gazetted) the D.I.& C. may be asked to submit proposals for the issue of ad hoc rules for the post. — vide - p 35 c

Scheme(3): The Board has decided to give a grant of 6,500/- asked for, for the continuance of the scheme - vide p.69 c.f. The scheme may be sanctioned. Attention is invited to para 2 of the letter on p.69 c.f. The D.I.& C. may be asked to examine the suggestion and submit — para 1 p 69 c

p.t.o.

necessary proposals in due course. Necessary drafts ~~are~~ are submitted below for approval.
